Entegra Roof Tile announces Design Center

The Entegra Design Center is a brand new resource for architects, builders, roofing contractors, home owners and anyone looking for roof tile designs or hardscape styles. Entegra in partnership with Gem Paver Systems, Inc. has beautifully integrated roof tile selections with paver selections. For the client that is considering roof tile and/or pavers, our Design Center showroom is a one stop shop. Clients now have multiple options in one convenient location.

The space has been tastefully divided to give each profile several mock roofs. Beginning at the entrance, you will be greeted with inspirational roof blends, tile displays, paver displays and product information. Our educational model roof is a great reference for contractors to educate their customers. Once a customer has made a selection, samples are readily available. The Design Center is fully stocked with samples.

The Entegra Design Center is managed by Ingrid Phelan. Ingrid brings several years of experience to Entegra and is great at creating designs, matching colors and product knowledge. Ingrid will work with each customer to complete the selection process. Ingrid can be reached at 954-973-2128 or IPhelan@rooftile.com.

Our doors are currently open to the public with a grand opening celebration scheduled for April 15th and 16th.

The Entegra Design Center is located in Pompano Beach off Powerline Road. This location is great for those working on properties in Dade, Broward and Palm Beach Counties. Both Florida's Turnpike and I-95 provide excellent access to the Design Center by Sample Road, Copans Road, or Atlantic Boulevard.

The address is: Entegra Design Center
 2125 NW 22nd Street
 Pompano Beach, FL 33069

The hours are: Monday through Friday – 9:00 AM to 5:00 PM
 Saturday – 9:00 AM to 2:00 PM
 Or by appointment
